

Kansas Waters with Aquatic Nuisance Species

Effective November 8, 2013

LOCATION	AQUATIC NUISANCE SPECIES (partial list)	COMMENTS
It is illegal to transport live fish from Aquatic Nuisal of aquatic hitchhikers from these and other waters, alwa waters or upstream, and remove plants and debris from	ays follow Clean – Drain – Dry proce	edures, do not move fish between
FEDERAL RESERVOIRS, STATE F	ISHING LAKES & STA	TE WILDLIFE AREAS
Browning Oxbow ANS Designated Water – Live fish may not be transported from this water	Asian carp, White perch	Atchison County
Cedar Bluff Reservoir	Eurasian watermilfoil	
Chase State Fishing Lake ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Cheney Reservoir ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	Includes rivers downstream. See Ninnescah River: North Fork and Arkansas River
Clark State Fishing Lake	Curly-leaf pondweed, Eurasian watermilfoil	
Clinton Lake ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream.
Council Grove - Council Grove Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream. See Neosho River
Cowley State Fishing Lake	Eurasian watermilfoil	
El Dorado Reservoir ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	Includes rivers downstream. See Walnut River
Glen Elder Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
John Redmond Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream.
Kanopolis Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream.
Kingman State Fishing Lake ANS Designated Water – Live fish may not be transported from this water	White perch, Curly-leaf pondweed	Includes rivers downstream. See Ninnescah River: South Fork
Marion Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream. See Cottonwood River
Melvern Reservoir, River Pond and Rearing Pond ANS Designated Waters – Live fish may not be transported from these waters	Zebra mussels	Includes rivers downstream. See Marais des Cygnes River
Milford Reservoir	Zebra mussels	Includes rivers downstream.

ANS Designated Water – Live fish may not be transported from this water		See Republican River and Smoky Hill River
Mined Lands Wildlife Area 1, 7, 12, 27	Eurasian watermilfoil	
Ottawa State Fishing Lake	Curly-leaf pondweed, Eurasian watermilfoil	
Perry Reservoir ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream. See Delaware River
Pottawatomie State Fishing Lake #2	Curly-leaf pondweed	
Scott State Fishing Lake	Rudd, Eurasian watermilfoil	
Sheridan State Fishing Lake	Eurasian watermilfoil	
Washington State Fishing Lake	Eurasian watermilfoil	
Wilson Reservoir ANS Designated Water – Live fish may not be transported from this water	Rudd, White perch, Zebra mussels	Includes rivers downstream. See Saline River
CITY, COUNTY	AND PRIVATE WATE	RS
Coffey County Lake – Wolf Creek Generating Station ANS Designated Water – Live fish may not be transported from this water. BOAT INSPECTION REQUIRED	Zebra mussels	
Council Grove City Lake ANS Designated Water – Live fish may not be transported from this water – Aquatic Nuisance Species Course certificate required to boat or fish this lake	Zebra mussels	Includes rivers downstream. See Neosho River
Douglas Co. – Lonestar Lake	Eurasian watermilfoil	
Edgerton – Bridgewater Lake	Eurasian watermilfoil	
El Dorado – East Park Pond ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Fort Riley Ponds BOAT INSPECTION REQUIRED		
Graham Co. – Antelope Lake	Eurasian watermilfoil	
Hutchinson Carey Park Pond, Lagoon and Fishing Pond ANS Designated Waters – Live fish may not be transported from these waters	White perch	
Kingman – Hoover Pond ANS Designated Water – Live fish may not be transported from this water	White perch	
Lebo – Lebo City Lake	Eurasian watermilfoil	
Marion Co. – Marion County Lake BOAT INSPECTION REQUIRED		
McLouth – Lake Dabinawa	Curly-leaf pondweed	
Olathe – Black Bob Pond	Hydrilla	
Park City – Chisholm Point Pond	Curly-leaf pondweed	
Riley Co. – Private farm pond	Rudd	Pond located near Deep Creek, Kansas River drainage
Pottawatomie Co. – Jeffrey Energy Center Auxiliary Lake and Make-up Lake ANS Designated Water – Live fish may not be transported from these waters	Zebra mussels	Includes rivers downstream.

Sedgwick Co. – Spirit/Boeing Employee Association Lake ANS Designated Water – Live fish may not be transported from this water	White perch	
Sedgwick Co. – Lake Afton ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	Includes rivers downstream. See Clearwater Creek
Sedgwick Co. Park Lakes: Vic's Lake, Horseshoe Lake, Tom Scott Lake, Moss Lake, Kids Lake ANS Designated Waters – Live fish may not be transported from these waters	White perch, Eurasian watermilfoil	
Shawnee Co. – Lake Shawnee ANS Designated Water – Live fish may not be transported from this water	Zebra mussels, Eurasian watermilfoil	
Topeka – Governor's Ponds (east and west)	Eurasian watermilfoil	
Wabaunsee Co. – Lake Wabaunsee ANS Designated Water – Live fish may not be transported from this water. BOAT INSPECTION REQUIRED	Zebra mussels, Curly-leaf pondweed	
Wichita – Buffalo Park Pond	Eurasian watermilfoil	
Winfield – Winfield City Lake ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	Includes rivers downstream. See Timber Creek
Wyandotte Co. – Wyandotte County Lake ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Yates Center – Yates Center Reservoir	Eurasian watermilfoil

from this water		
Coffee Creek to Wolf Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Johnson County
Cottonwood River: from Marion Reservoir dam to the Neosho River ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Deer Creek: from Sabetha City Lake to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Delaware River: from Perry Reservoir dam to the Kansas River (Kaw) ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Fisher Creek to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Four-mile Creek to the Nebraska State Line ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Harris Creek to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Illinois Creek to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Independence Creek: from Atchison State Fishing Lake to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Atchison County
Kansas River (Kaw) ANS Designated Water – Live fish may not be transported from this water	Asian carp, Zebra mussels	Includes all tributaries supplying this river in Atchison, Brown, Douglas Jefferson, Johnson, Leavenworth, and Wyandotte counties, even if the tributaries are not listed
Lang Hollow to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Atchison County
Little Blue River to the Big Blue River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Johnson County
Little Walnut Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Atchison County
Manley Creek to Pole Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Marais des Cygnes River: from Melvern Reservoir dam to the Missouri State Line ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Mill Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Doniphan County

Mission Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Doniphan County
Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp, White perch, Zebra mussels	Includes all tributaries supplying this river in Atchison, Brown, Douglas Jefferson, Johnson, Leavenworth, and Wyandotte counties, even if the tributaries are not listed
Mosquito Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Doniphan County
Mud Creek to the Kansas (Kaw) River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Douglas County
Mulberry Creek to Walnut Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Brown County
Negro Creek to Clear Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Neosho River Chetopa dam to the Oklahoma State Line, Cherokee County ANS Designated Water – Live fish may not be transported from this water	Asian carp, Zebra mussels	Cherokee County
Neosho River from Council Grove Reservoir dam to the Oklahoma State Line ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Ninnescah River: North Fork from Cheney Reservoir dam to the Arkansas River ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	
Ninnescah River: South Fork from Camp Ninnescah Dam to North Fork Ninnescah River ANS Designated Water – Live fish may not be transported from this water	White perch	
Owl Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Atchison County
Peters Creek to the Missouri River ANS Designated Water	Asian carp	Doniphan County
Pole Creek to Turkey Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Republican River from Milford Reservoir dam to the Smoky Hill River ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Rock Creek to the Nebraska State Line ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Saline River from Wilson Reservoir dam to the Smoky Hill River ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	

Smith Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Doniphan County
Smoky Hill River from the Saline River to the Republican River ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Spring Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Doniphan County
Squaw Creek to the Missouri River ANS Designated Water	Asian carp	Doniphan County
Stranger Creek to the Kansas (Kaw) River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Leavenworth County
Tennessee Creek to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Terrapin Creek to Walnut Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Brown County
Timber Creek from Winfield City Lake dam to the Walnut River ANS Designated Water – Live fish may not be transported from this water	Zebra mussels	
Turkey Creek to Big Nemaha River: South Fork ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Wakarusa River from Clinton Reservoir Dam to the Kansas (Kaw) River ANS Designated Water – Live fish may not be transported from this water	Asian carp, Zebra mussels	
Walnut Creek to the Missouri River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Atchison County
Walnut Creek to the Nebraska State Line ANS Designated Water – Live fish may not be transported from this water	Asian carp	Brown County
Walnut River from El Dorado Reservoir Dam to the Oklahoma State Line ANS Designated Water – Live fish may not be transported from this water	White perch, Zebra mussels	
Wildcat Creek to Harris Creek ANS Designated Water	Asian carp	Nemaha County
Wildcat Creek: North Fork to Wildcat Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Wildcat Creek: South Fork to Wildcat Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County
Wolf Creek to the Little Blue River ANS Designated Water – Live fish may not be transported from this water	Asian carp	Johnson County
Wolf Pen Creek to Deer Creek ANS Designated Water – Live fish may not be transported from this water	Asian carp	Nemaha County

Wolf River	Asian carp	Doniphan County
ANS Designated Water – Live fish may not be transported from this water
